MEDIA PRAYER DAY 08

“ The media has the ability to shape, transform, inspire, and gives you the opportunity to pray for God’s will to be done

We pray for :

2. Christians producing values-based programming for mainstream media.
3. People of influence within NZ’s mass media - presenters, writers and editors, directors, producers and media managers.
4. Media gatekeepers - those who can keep the Christian message out, or who can open doors for God’s message to be communicated clearly.
5. Christian media - Christian television, radio, film, electronic media and print.

alter public opinion... and so here is where you come in. Media Prayer Day in the media. Please join us in helping change this nation for the better. Thank you for being part of Media Prayer Day. 🙏

Simon Barnett, TV Presenter >>

Lord Jesus,

We pray today for all those in a position to show the Christian way to viewers, listeners and readers.

We ask that You will give them the vision, the skill and the opportunities to communicate the Good News.

We pray for those who are well-known in the media, that they may become more conscious of their influence in the community and that they may look to You for guidance.

May the power of our gathered prayer today give new voice to the Christian message.

We ask in Your name. Amen.
